

Black Pantone 248 Pantone 322

DIRECTIONS FOR USE

This product develops a bromide reserve in spa water. It is not a sanitizer. A sanitizer must be used in order to disinfect the water. This product helps eliminate chlorine odor and helps prevent the formation of unwanted compounds when using Bromine tablets.

Pour this product directly into spa water with each fill in order to establish a Bromine reserve.

DOSAGE

- A. Add approximately 1 oz. of this product per 200 gallons of spa water before Bromine tablets are used.
- B. Introduce this product while the water is circulating to bring about complete distribution of the chemical throughout the spa water.

CAUTION

**HARMFUL IF SWALLOWED
KEEP OUT OF REACH OF CHILDREN**

Contains Sodium Bromide. May cause irritation. Avoid contact with eyes, skin or clothing. Wash thoroughly after handling. Avoid breathing dust.

FIRST AID (Practical Treatment)

EYE CONTACT: Immediately flush eyes with plenty of water for 15 minutes. Get medical attention if irritation persists. **SKIN CONTACT:** Remove contaminated clothing. Wash skin with plenty of soap and water for at least 15 minutes. Get medical attention if irritation persists. Wash clothing before reuse. **IF SWALLOWED:** Give two glasses of water and induce vomiting. Get medical attention. Do not induce vomiting or give liquids to an unconscious person.

STORAGE AND DISPOSAL

Keep container tightly closed. Store in a cool, dry location, away from Bromine, Chlorine, acids, and alkaloid and heavy metal salts.

Do not reuse empty container. Rinse thoroughly before discarding. Place in trash collection. Avoid contamination of food or feed.
