This product is a specially formulated oil-free silicone compound which is very effective in eliminating foam typically caused by soap, shampoo, cleanser and other residues in spas, hot tubs and decorative fountains. It will not affect the water balance and is compatible with other water treatment chemicals.

DIRECTIONS

Shake Gently Before Using

To eliminate foaming, apply 1 or 2 squirts of this product to the foaming area while the spa or hot tub is in operation. Repeat as often as necessary, but only use when needed.

STORAGE AND DISPOSAL

This product should be stored at room temperature. Do not reuse bottle.
